
UNITED SOILS

Annual Open House at United Soils Management - 14245 Ninth Line, Stouffville

Residents are invited on Thursday, June 30, 2016 to tour the Town approved and permitted facility of United Soils Management at 14245 Ninth Line, Stouffville. Environmental consultants and representatives will be on site to answer questions and educate on the current and long term plans of this facility within the Town of Stouffville.

Collaboratively with Stouffville Council Ward 2 representative, Councillor Maurice Smith, supervised tours will be scheduled according to attendance on a first come first serve basis to encourage clarity and transparency to the site itself. In order to maintain safe working practices at the site, the Open House will be hosted on this date only as the United Soils Management facility is a work site five days a week with specific Ministry of Labour Personal Protection Equipment requirements.

Open House will include information on the Town-approved Site Alteration & Fill Management Plan and site operations, and tour of the following areas:

- Proposed Small Quantities/Hydro-excavation Amendment work area;
- Wheel wash; and
- Tiny Seedlings Safe Play Open Air Arena.

(Rain date set for Monday, July 4, 2016 from 4:30-6:30pm.)

Take advantage of this Open House event on Thursday, June 30, 2016 from 4:30-6:30 to learn about the processes and program affiliated with the site! Meet us in the parking lot by the flagpole.

We look forward to seeing you there.

Sincerely,

United Soils Management

This Open House will be an annual event.
